Continuous Fine Mist Sprayer

Fine Mist · One-Press Continuous Spray · 24-410 Finish

A compact continuous sprayer — a rare find on the market.

1.5–2 s	0.6 ml	24-410
Spray Duration / Press	Dosage / Spray	Neck Finish

Product Introduction

PRODUCT OVERVIEW

Compact. Continuous. Effortless.

- **24-410 Standard Neck**

  Fits mainstream bottles — strong compatibility.

- **Continuous Sprayer**

  One press keeps spraying for 1.5–2 s — dosage 0.6 ml per spray.

- **Rare Compact Structure**

  Continuous spray in such a small size is hard to find — clear differentiation.

- **Fine, Even Mist**

  Dense uniform particles, ideal for facial, hair and body sprays.

WHY CONTINUOUS SPRAY

Why Continuous Spray

01

One Press, Continuous Mist

A single press keeps spraying — smoother than pumping again and again.

02

More Even Coverage

A steady fine mist spreads liquid evenly, no drips, no watermarks.

03

Effortless for Everyone

No repeated hard pressing — friendly for all users, great for frequent use.

04

Differentiate Your Brand

Compact continuous sprayers are rare - a memorable selling point.
